

FOCUS ON...

WHAT IS IT?

TikTok Now is a newly released video 'effect' on the social media platform TikTok. It allows you to capture what you're doing in the moment using your device's front and back camera. With a daily prompt to capture a 10-second video or a static photo to easily share what you're up to.

SAFETY FEATURES

- By default, all TikTok Now posts are private and only shown to your friends and followers.
- The option to show to everyone is not available if you are under 18.
- If you are 13- to 15-years-old you should only be able to post comments on your friend's photos or videos.

ADVICE FOR KEEPING SAFE ONLINE

RISKS...

- FOMO (Fear Of Missing Out) - you might feel pressure to overshare.
- Potential to interact with strangers.
- Peer pressure.
- Your content could be screenshot, maliciously edited & shared.

TOP TIPS...

- Check your privacy settings.
- Understand the risks of sharing personal information.
- Make sure content is checked by a 'trusted adult' before it's shared.
- Talk to adults about the risks associated with being online, how to seek support and report.
- **Explore safe & fun TikTok Now content.**

If you experience something negative online remember to reach out to adults at home or school. Also remember you can report to CEOP & talk to Childline.
